MAHONE DENIES.

General Mahone being put on oath said: "I was sitting in my library in conversation with Mr. Campbell and Colonel Barbiere, I heard the explosion of fireworks in the street until they got to my house. Some were explicited in my yard. The loud reports caused the impression that fire-arms were being used in my yard. Desiring to protect my property I walked out and seized my gun as I passed. I saw a number of persons at my gate, one of whom said: 'You have a gun, shood, d—n you.' I walked down the steps. One of the men said. 'We are only celebrating.' I replied, 'That's all right, but don't shoot on my premises. The men went out and others came upfrom below. One of them said, 'You have a gun?' I replied, 'Yes, I have a right to have.'" General Mahone said further: 'Not agun or pistol was fired that I know from the time I went out of the blarrary to the end of this affair. I certainly did not shoot and I neither saw nor heard.

The bond was given and shortly after midnight the General and his friends left the station-house for their homes.
